Why Baghdad?

Baghdad is one of the biggest cities in Iraq and the second largest city in the Arab world, a vibrant capital, it has a strategic location, young and ambitious workforce, in addition to economic reforms supportive of investment. Baghdad is one of the most important governorates in attracting investors, as it is a developed civilizational center, as well as for its population density of eight million people. Despite all that, this governorates needs investments to enter into it and in all sectors such as housing, trade, industry, agriculture, tourism and other sectors. Perhaps the real estate market is the most demanded, estimated at one million housing units in Baghdad, and is the only one that has not been affected by the economic crisis that the country has been witnessing since the beginning of 2022.
